

28th September 2020

Dear Parents/Carers,

Today we have been notified that Ofsted will be visiting The Brittons Academy tomorrow, 29th September 2020, under section 8 of the Education Act 2005.

The inspection will be undertaken conforming to all Public Health England advice. The two Inspectors will meet myself and other members of the Senior Leadership Team and will not tour the school, visit any classrooms or meet any students. This is to ensure the safety of our students is at the forefront of their visit and does not affect our procedures in any way. It will be a normal school day for all students.

The purpose of the visit is to gather information for Ofsted on how schools have welcomed students back to school and what our plans are to keep everyone safe and able to access education moving forward.

The inspection will not result in a judgement but you will receive a letter following the visit to explain their findings.

Yours faithfully,

MR. W. THOMPSON
Principal
