

2 July 2021

Dear Parent/Carer,

I hope this finds you and your family well.

### **Ofsted**

The Ofsted monitoring visit on Tuesday 29th and Wednesday 30th June was very positive and very useful. Thank you to all who completed their questionnaire, your feedback was lovely to hear and extremely valuable. They will write to me with their findings, possibly before the end of term but more likely in September. Of course, I will share this with you as soon as I am allowed.

### **COVID-19**

After no cases for all of last half-term and the first three weeks of this one, we have had our first few positive tests. As always, we follow Public Health England's advice. Please note the symptoms of the Delta variant are slightly different and include; headache, a sore throat, a runny nose and a dry cough.

### **Testing**

Please can I encourage you to ensure your son/daughter continues to complete a lateral flow test twice a week. If we all do this, it is the most effective way of keeping our community safe.

If your son/daughter does test positive, please notify us on **01708 630002** (Monday to Friday, 7.30 a.m. to 4.00 p.m.) and on **07912 379506** (at all other times, including weekends).

Please self-isolate and book a PCR test for them immediately.

Thank you for all your support. Have a lovely weekend and hopefully an England win!

Take care.

Yours sincerely,

**MR. W. THOMPSON**

**Principal**
