

31st March 2022

Dear Families,

I hope this finds you and your family well.

As you will be aware, on Tuesday 29th March, the Secretary of State for Health and Social Care, Sajid Javid, set out the next steps for living with COVID-19 in England from tomorrow, Friday 1st April.

Updated guidance advises:

- Adults with the symptoms of a respiratory infection, and who have a high temperature or feel unwell, should try to stay at home and avoid contact with other people until they feel well enough to resume normal activities and they no longer have a high temperature.
- Children and young people who are unwell and have a high temperature should stay at home and avoid contact with other people. They can go back to school when they no longer have a high temperature, and they are well enough to attend.
- Adults with a positive COVID-19 test should try to stay at home and avoid contact with other people for 5 days, which is when they are most infectious. For children and young people aged 18 and under, the advice will be 3 days.

I would like to thank you for all your support this term and wish you a very happy and healthy Easter.

Best wishes,

*W Thompson.*
